Memo From: Tom Munson *TM*

Memo to: Vickie Bailey

Memo Thru: Paul Baker *PMB*

RE: Memo requesting permitting fee refund and exemption, Tony Peck, Blawn 1-4 Exploration, E0010149, S0490066, S0490067, Beaver County, Utah County, Utah

On October 9, 2008 Clay Peck arrived in Division offices with a new Small Mine Application for Blawn 1-4 replacing exploration notice, E001/0149 which had expired. He has been keeping his annual permitting fees current on the expired notice, E001/0149. He requested and Paul Baker granted an exemption to permit fees based on his fees being paid this year on the exploration notice, he replaced with a Small Mine Notice filed during this meeting.

The second issue discussed in this meeting was the return of fees paid for two permits, S0490066 and S0490067. Mr. Peck did not realize the Division does not permit Alluvial Sand and Gravel operations. Both of these permits are for Alluvial Sand and Gravel. *Amount to be refunded is \$300.00*
